CAR 'GOES TO CHURCH.' This 1956 sedan smashed into the entranceway of the First Church of the Nazarene Sunday night, injuring the driver and two passengers. Police said the auto was operated by Jay Gillespie, 18, of Manor Ln. It was termed a total loss. Although the accident investigation is not complete, the auto apparently went out of control as Gillespie drove south on St. Clair Ave. at Walnut St.

Trio Injured As Auto Rams Church Steps

Driver, 18, Unhurt When Car Plunges Off Dresden Ave.

Three persons were injured Sunday night at 7:58 when an auto went off St. Clair Ave. at Walnut St. and crashed into a brick and stone work alongside the front steps of the First Church of the Nazarene.

The 1956 sedan was driven by Jay Gillespie, 18, of Manor Ln., officers said. Owned by Raymond Gillespie, also of Manor Ln., it was termed a total loss.

Gillespie suffered lacerations of the left knee. His mother, Mrs. Marguerite Gillespie, 34, of Manor Ln., suffered lacerations of the forehead and contusions of the right knee.

His grandmother, Mrs. Delma Gillespie, 54, of 925 Blaine St. suffered abrasions of both legs and a possible back injury. All are in "fair" condition at City Hospital.

The auto apparently went off St. Clair while southbound near the intersection, hit a utility pole, crossed the small lawn at the church and then crashed into the building near the main entrance, which overlooks St. Clair. A heavy block of stone serving as a cap for brickwork alongside the steps was moved several inches.

Patrolman Jack Strobel, who investigated, did not list any details of the mishap in the official report. He said the investigation still is pending.

An 18-year-old driver escaped injury, but was cited on two charges, after his auto went off Dresden Ave. at Trentvalle St. at 1:14 this morning and crashed over an embankment, police said.

The driver was identified as Stephen Lee Rayburn of R.D. 2.

Rayburn told police he was driving north on Dresden when his car hit a patch of ice on the pavement.

When he applied the brakes,

Beaver Man Hurt In Fatal Rail Mishap

A brakeman from Beaver was injured when a Pennsylvania Railroad Co. freight train slammed into the rear of another freight near Massillon Sunday, killing a locomotive fireman.

Leo Hartzel, 50, of Mansfield died in the crash about two miles southeast of Massillon.

Robert L. Spurgeon, 49, of Beaver and J. R. Rohrer, 47, of Crestline were injured and in "fair" condition at Massillon City Hospital.

The grinding crash tore apart the cabooses of the stopped train and sent the three Diesel units of the moving train across the Pennsylvania's main line between New York and Chicago.

Stress, Strain Reported

More Changes Hinted For Top Johnson Administration Team

WASHINGTON (AP) — After four months, some rumblings of stress and more change are audible in the top team President Johnson inherited from the late John F. Kennedy.

Plump press secretary Pierre Salinger quit on Thursday to test his charm on California voters, in quest of a U.S. Senate seat. He was the fourth of Kennedy's first-stringers to leave the White House.

On the same day, a report was aired that Secretary of State Dean Rusk planned to resign in November. It was instantly denied by all concerned.

Salinger's departure, apparently a most amicable leave-taking, could well be an omen of further changes, if only for

the simple reason that an election year is a restless time for politicians.

Yet the White House resignations have been remarkably few to date, considering the difficulty of adjustment since Nov. 22 for the Kennedy men who virtually idolized their slain chief.

Despite the pressures of the political season, there has been no authoritative word, official or unofficial, from any member of Kennedy's Cabinet indicating a departure from the team before the election.

In reply to a question at his news conference Saturday, Johnson said he has seen no sign that supporters of the late president are closer to the center of power than they were before; some have moved away

If Johnson is re-elected, each Cabinet officer will submit a pro forma resignation, leaving Johnson free to form his own administration.

Only Atty. Gen. Robert F. Kennedy has stated he does not intend to stay on after November even if Johnson asks him to. But others, too, may feel they will have discharged by then their obligation to help Johnson preserve the continuity of government.

There have been some visible strains, many rumors, and occasional behind-scenes skirmishing over policy. Some Kennedy men are closer to the center of power than they were before; some have moved away

from the inner orbit of influence.

Secretary of Defense Robert S. McNamara enjoys even greater favor, if possible, than he did under Kennedy; he is the Cabinet strong man.

Rusk, despite last week's rumors, has seemed to be farther "in" than before; a series of overseas flare-ups has demanded one foreign policy huddle after another.

As was inevitable, Robert Kennedy's influence has diminished sharply. Secretary of the Treasury Douglas Dillon, though deeply respected for proven ability, is less close personally to Johnson than he was to President Kennedy.

Six deputies on the staff of Sheriff Joseph H. Manypenny and Grant District Constable J. Carl Durham of Newell made up the raiding party.

Operating with a search and seizure warrant obtained Saturday morning from Squire John D. Herron of New Cumberland, the raiders entered the Music Bar on State Route 2 and nabbed Robert Stocklager, the licensee, on a charge of possession of alcoholic liquor for sale.

The sheriff's "posse" confiscated 15 fifths of whisky at the Music Bar.

A short time later, the raiding party visited the Half Moon Lounge on Route 30 near the Pennsylvania State Line and broke up two card games in which cash was used as stakes, deputies said.

Deputies confiscated a black-jack table and poker table and some of the money from the tables. Robert Fryer, the operator, was cited on an open violation charge of exhibiting gambling devices.

Both Stocklager and Fryer are slated for hearings Wednesday at 11 a.m. before Squire Herron. Stocklager posted \$106 bond and Fryer posted \$200 bond.

The sheriff's office was issued the search and seizure warrant on an affidavit of a deputy who said he purchased one shot of liquor for 40 cents Friday at 11:20 p.m. at the Music Bar, apparently while in plain clothes.

The sheriff's office said it enforced the midnight closing hour in visits to other taverns on the Route 30 area, including Terrace Lanes and the Hilltop Tavern.

Crew Saved Off Ship Near Puerto Rico

SAN JUAN, Puerto Rico (AP) — Twenty seamen were rescued from the Caribbean Sunday night after abandoning the blazing freighter Beth, owned by a New Yorker, and skippered by his brother.

The Liberian freighter World Jonquil picked up the men from their lifeboat and headed for a rendezvous with the Coast Guard cutter Aurora, which was dispatched to bring them to San Juan. They were due today.

All the survivors were reported in good condition. Among them were George Markakis, the master, and the chief engineer, Alexander Markakis, brothers of the owner, Andreas Markakis of New York.

The 2,300-ton Beth, which flies the Panamanian flag, was reported about to sink as she wallowed in seas south of the Dominican Republic, the flames fed by a cargo of lubricating oil and chemicals.

The freighter caught fire about 2 a.m. Sunday while sailing from Port Arthur, Tex., to the French island of Martinique southeast of Puerto Rico.

Nehru Urges Pakistan Aid To Halt Riots

200 Reported Dead In Moslem-Hindu Violence In India

NEW DELHI, India (AP) — Prime Minister Nehru has urged Pakistan to join with India in measures to halt Moslem-Hindu rioting which has resulted in some 200 deaths in eastern India.

Nehru made the proposal in a private letter to Pakistani President Mohammed Ayub Khan on Friday, informed sources disclosed today. Nehru was described as greatly concerned that the religious disorders might turn into massacres and provoke new trouble between India and Pakistan.

The 74-year-old Indian leader, still recovering from a mild stroke in January, urged immediate talks between the home ministers of both nations as a first step in a joint effort to prevent further bloodshed.

Ayub Khan has not yet replied to Nehru's overture, the sources said.

Nehru described the rampages of Hindu mobs as a reaction to anti-Hindu rioting in East Pakistan last December and January and the flood of Hindu refugees into India from the predominantly Moslem area, the sources said.

The Indian government says 150,000 refugees from East Pakistan entered India in the first 11 weeks of the year. Some Christians were in the exodus.

Home Minister Gulzari Lal Nanda revealed in Parliament that the number of dead had risen to about 200. He refused to answer questions, explaining that details of the rioting could only incite further violence.

He did say, however, that troops and police fired on mobs on 18 separate occasions, killing four persons and injuring 27. He said the disorders were occurring in a belt along the east coast railroad.

Mrs. Lee Utt and four of her five children fled to safety. Her husband was at work at the Ohio Edison Co. in Toronto and another youngster arrived home as the fire was noticed.

Irondale Family Of 7 Left Homeless In Fire

IRONDALE — A family of seven was left homeless by a fire which caused heavy damage to the interior of their two-story six room dwelling on Salt Run Rd. Saturday afternoon at 4:30.

Mrs. Lee Utt and four of her five children fled to safety. Her husband was at work at the Ohio Edison Co. in Toronto and another youngster arrived home as the fire was noticed.

Irondale firemen were summoned by a neighbor, Mrs. Harold Gill. Her home was endan-

gered, but there was only smoke damage.

The family managed to save some of the living room and dining room furniture and the kitchen table. There was water damage to some other possessions. The family spent the weekend with her mother across the street.

Appearing at the Palm Sun-

day demonstration was William F. Miller, executive secretary of a Cincinnati-based group which calls itself the National Association for the Advancement of White People.

Reuther called profits of General Motors, Ford and Chrysler fantastic in the last year. Three-year UAW contracts with the big three of the industry expire Aug. 31.

Reuther deftly turned aside Sunday an attempt to put the convention's 3,000 delegates on record as supporting Atty. Gen. Robert F. Kennedy for the Democratic vice presidential nomination.

That proposal came from John M. McCarrell, president of Local 544 of Pittsburgh. It came in the wake of Kennedy's acceptance of the UAW's "Social Justice Award," presented posthumously to President John F. Kennedy.

Three thousand delegates and perhaps 9,000 guests gave the chief executive a rousing welcome and broke into his address with loud and frequent applause.

One of the loudest outbursts came when he assured the convention that "we are going to pass the civil rights bill if it takes all summer."

The convention has adopted a resolution backing the bill.

The President was not making a political speech labeled as such. But the talk had political overtones.

His party and he, himself, are counting on heavy labor backing.

The convention will map union goals for this year's contract bargaining.

The President's Council of Economic Advisers had laid down so-called guidelines that wage increases should be geared to a 3.2 per cent annual productivity gain in industry as a whole, with a price cutback being made by industries with profits straining productivity increases.

But UAW President Walter P.

Reuther told a news conference last Wednesday that the annual productivity gain in the auto industry is 4.9 per cent, instead of 3.2, and that the higher figure would be "a minimum economic goal" for his union this year.

Washington (AP) — The Senate civil rights battle moves into its 13th day today with leaders asking 12-hour daily sessions in hopes of getting a vote by midweek on bringing the bill to the floor.

A steady stream of Dixie oratory, with more on tap, raises doubts that Democratic leader Mike Mansfield's timetable can be kept.

Sen. Richard B. Russell, D-Ga., floor general for the 19 Southerners fighting the measure, made no objection this weekend when the assistant Democratic leader, Hubert H. Humphrey of Minnesota, floor manager for the legislation, asked unanimous consent to bring the Senate in two hours earlier than usual.

Plans are to keep the Senate in session until 10 p.m. each night.

In the first two weeks of the civil rights fight the Senate met at 11 a.m. an hour early, and kept grinding away until well past the dinner hour. Last Thursday, when a Democratic fund-raising dinner with President Johnson as chief speaker was held, the Senate quit early.

Hope for a brief Easter recess, possibly from Friday through Monday, may speed calling up the bill.

Shelton said the experimental project "probably will be attempted on 45 or 50 acres of land with maybe a hundred homes. The facilities will be for the white Caucasian race."

The location has not been determined, he said, but probably will be somewhere between Birmingham and Tuscaloosa, Ala.

Election Board Opens Drive In Registration

A last-minute campaign to register East Liverpool voters for the May 5 primaries was launched yesterday by the County Election Board, but only two people had qualified by mid-morning.

With a deadline Wednesday at 9 p.m. for registering, the board's office will be open until 9 tonight and from 9 a.m. to 9 p.m. on Tuesday and Wednesday.

In addition to the extended office hours, the board also will operate branch registration offices Wednesday only at Pleasant Heights School, North Side Fire Station and Louis J. James Store on Mulberry St. Two registrars will be on duty at each site from 10 a.m. to 2 p.m. and from 4 to 9 p.m. on Wednesday.

Going Against The Grain

President Johnson has closed the issue on the 1964 foreign aid fight with a request for \$3.4 billion. He doesn't expect to get that much.

He and his advisers are well aware of something that has been growing plainer since the Truman administration. The American people as a whole have turned against the principle and practice of foreign aid.

All that has saved the program from outright rejection by Congress is the annual outburst of heartfelt testimony by business and politicians of enough stature to give unusual weight to their words. They have assured Congress and the country that because of things not easily understood by the masses of taxpayers it was imperative to continue foreign aid in such-and-such proportions.

THEIR assurance has been wearing thinner each year.

Whatever they claim to know that it is not knowable to the rest of us grows more ephemeral with each reminder that foreign aid is like feeding pigeons. The more feed, the more pigeons, all with unsatisfactory appetites.

Dollars For Scholars

Time's swift flight is re-emphasized for many who worked with or contributed to the Dollars for Scholars drive in 1963.

The 1964 campaign for funds is now underway, and the students who first benefited are nearing the end of a year of college.

Through the interest and generosity of district residents, over \$10,000 in aid for higher education was made available to 21 young men and women in 1963. This year a goal of \$25,000 has been set by the Citizens Scholarship Foundation which has added three more school districts.

There is not just one, but many reasons for giving to this program — the obvious need to help deserving students, a responsibility to aid talent and ambition.

The Tri-State area does not, in com-

A Point Is Settled

When there has been a deficit, the deficit has been covered by the General Assembly the next time it convened.

The State Controlling Board, which is responsible for keeping Ohio spending inside the General Assembly's appropriations, will not keep the Ohio Department of Education from spending beyond its appropriation, because school expenditures are determined by formula in the School Foundation Act.

All the Ohio General Assembly can hope to do in its biennial meetings is to make an approximate appropriation based on Department of Education estimates. It cannot be sure it has appropriated enough.

Miss Allen Wants To Know

If you're old enough to remember when coinage supply was so simple the director of the U.S. mint was only a deserving lady politician, you are beginning to think about old-age pensions.

Women still direct the mint — Miss Eva B. Adams is the current director—but the job isn't simple. If you can think of any reasons not already in the following list, you owe it to Miss Adams to help her fine out why the United States has a chronic coin shortage.

She knows the new John F. Kennedy half-dollars will be snapped up by coin collectors and held for a possible rise in value. Coin collectors are one reason for the shortage.

Another reason is vending machines, which take in and immobilize a wide variety of coins. Closely related to this are

parking meters, coin telephones, self-service laundries, juke boxes, pay toilets and the ever-popular piggy bank.

All of them take coins out of circulation and keep them out for long periods.

Still another cause is huge discount stores whose merchandise is priced in uneven figures to make the customer feel he is getting a bargain and vast supermarkets in which shoppers pay cash for routine grocery needs.

Miss Adams even takes into account the law calling for withdrawal of silver certificates, redeemable either in silver dollars or bullion. Even so, she does not know where all the coins go to. The mint hardly can catch up.

If you want to show consideration for her, you will send her all your loose change. It's your patriotic duty.

By Truman Twill

vast differences in our society. All parents want their kids to be Einsteins. They won't admit that Einsteins need people to press their pants, wash the windows of their houses, deliver groceries and prune the shrubbery.

Parents think if they push everybody in the same direction they are practicing social equality.

YOUR AUNT and I are thinking of a youngster in their neighborhood who has talent for tinkering with machinery yet is floundering in high school because he is being forced to take courses for which he has no aptitude. We don't have a vocational high school here, and even if we did the local adolepates would want to call it something else.

You get the idea? If we must spend \$400 million dollars and more a year to re-educate people who must have been educated wrong the first time, why don't we take a close look at what we must be doing wrong?

WHAT BOTHERS us is the prospect of being clipped hundreds of millions year after year for re-education, with nothing being done in the meantime to eliminate the source of the trouble.

Somebody has to be wrong — either the people now doing the educating or the people who claim they can repair the damage by re-education.

We are both well and hope you and yours are the same.

Reuther Hints Backing For Humphrey As 'Veep'

By VICTOR RIESEL
Walter Reuther appears to have thrown his weight — loaded with considerable political machinery — behind the drive for the vice presidential nomination of his intimate friend and long-time political partner Sen. Hubert Humphrey. Such backing would have a triumphant Victor Riesel impact on the highest Democratic circles, including the White House.

Insiders see evidence of support for the Democratic sena-

torial whip in a report submitted by Reuther to the United Auto Workers (UAW) convention. Its 3,000 delegates are meeting in the same hall where the Democratic national nominating convention will go into thunderous sessions this August. Reuther — whom some of us have kidded about being a "communist chaser" because he writes most of his own long statements and goes over every word so they reflect accurately what he believes — said of the 1964 political scene in general and Humphrey in particular:

"He is both politically insane and morally indefensible for the political party of Franklin D. Roosevelt, Harry Truman, John F. Kennedy, Lyndon Johnson

and Hubert Humphrey to be so deficient in internal self-discipline as to place a Harry Byrd in charge of President Kennedy's tax bill and a James Eastland as chairman of the Senate Judiciary Committee charged with processing civil rights legislation.

"THE AMERICAN people have a right to expect more respectable behavior and greater internal integrity and discipline from both political parties if they are to be the major instruments of political expression. To this end we must continue to work for the political realignment essential to achieve party responsibility. . . ."

The singling out and cou-

pling of Humphrey's name with those of Democratic presidents of the United States cannot be considered accidental in view of Mr. Reuther's sensitivity to what appears under his signature.

There can be no doubt, it seems to me, that Reuther believes the Minnesota senator should be considered by President Johnson as labor's nominee for the vice presidency.

However, there are some who believe that Reuther is torn between his long-time pledges to Humphrey and his friendship with and affection for Robert Kennedy.

The attorney general has frequently worked closely with Reuther on international af-

fairs. Bob Kennedy also has frequently singled Reuther out for high praise on both the domestic and international fronts.

Twice since the assassination of John Kennedy, his brother has been shown signs of strong support by the Auto Union. On Feb. 19 Kennedy was the star speaker — albeit a brief one — at a Washington gathering of some 700 officials representing General Motors local unions of the UAW.

"YOU PLAYED a major role in putting him (John Kennedy) in the White House," the attorney general told the enthusiastic crowd, "and made it possible for him to achieve at least part of his program. He always had a very special place in his heart for the UAW."

And Bob Kennedy is one of only four major speakers invited to this 19th UAW Constitutional Convention being held now. One of this handful is a Canadian political leader and another is, of course, President Johnson.

But, within labor's high command there may be other points of view on the vice presidency. Most of labor's political policy makers don't want to commit themselves to anyone this early.

Chief among this group is the powerful AFL-CIO president, George Meany.

An unreported incident at the White House on the afternoon of Monday, March 16, is evidence of Meany's influence and of Lyndon Johnson's desire to assure the labor chief of his high standing in White House circles.

THAT AFTERNOON Meany led a group of labor leaders — William Schnitzler, secretary-treasurer of the AFL-CIO; Howard Coughlin of the Office Employees International Union, Max Greenberg, head of the Retail, Wholesale and Department Store Workers, and John Lyons, president of the Iron Workers — to the Fish Room in the White House. They made up the 15-member AFL-CIO Civil Rights Labor Advisory Council. This is the committee set up by Mr. Johnson to speed the integration of unions.

As the President entered the room he spied Meany and strode quickly to his side. He sat down alongside him, put his hand on Meany's knee and said so all could hear:

"If there is at least one statesman in the United States, you are that statesman."

During the discussion President Johnson assured his visitors that the civil rights bill would pass the Senate pretty much as they wanted it.

Which man Meany would prefer to see as vice president is his own secret. He is not committed. Nor are those who are closer to him than to Reuther.

Almost All Of The Boys Were Whooping It Up . . .

New Attack Centers On Bias In North

By Joel Seldin

In the long run, by the Supreme Court.

OF THE FIVE judges hearing the arguments in the Appellate Division, the one seemingly most sympathetic was Justice Harold A. Stevens, who is a Negro. He was troubled by the failure to include in the case the contractors who sign the contracts, and asked why they should not be required to enforce the non-discrimination clauses of the agreements.

Mr. Hirshowitz dwelt on the relief available through individual complaints to the State Commission on Human Rights, and in the state and city contract clauses barring racial discrimination. He said each case should be brought separately and called the NAACP approach a "blunderbuss action." He denied vehemently that the state sanctioned discrimination.

BOTH SAID that a main flaw in the NAACP suit was that it was impractical. They noted that the contracts are not with the unions, but with the employers, who were not named in the suit.

They said there were no standards by which government could determine quickly when a union discriminates, that the court could not administer such an investigation and continuing review, and that there would be no leeway for conciliation.

The argument of practicability did not impress Robert L. Carter, chief counsel for the NAACP. He is attempting to establish through this case a "theory of law" as basic as the one in the 1954 school segregation decision, in which the Supreme Court found that segregation is unlawful because it damages both Negro and white students.

As he stated his theory to the five Appellate Division Justices it was that "failure by the state to prevent discrimination has enabled discrimination to occur." This is illegal, he maintained, because the 14th Amendment of the U.S. Constitution prohibits discrimination by a state.

Mr. Carter expects that a final decision on a principal so basic will have to be determined

gate their responsibility to enforce the law."

As the argument concluded, the justices, through their questions seemed most concerned with whether they could provide relief, and Mr. Carter was insisting that the relief was a secondary problem, the primary one being whether his theory was correct.

Justice Stevens, in a kind of summation of his position, ended his questions with a remark that pointed up the dilemma of many government officials, judges and even private citizens with regard to the difficult problems posed by the civil rights complaints. He said:

"We know that discrimination exists. The question is, what can we do about it?"

Cuba's Economic Troubles

By Ben F. Meyer

WASHINGTON tougher for the bearded prime minister.

In 1963, the short crop in Cuba and reduced yields in Europe put sugar prices at their highest in years. U.S. officials say the outlook for 1964 is not nearly so bright from the Cuban viewpoint.

For one thing, they estimate the high prices cut world sugar consumption.

In addition, the world price recently has been around 7 cents a pound, against a peak of 16 cents and an average of about 8.5 cents in 1963.

Curiously, some pessimistic reports on Cuban production have been coming out of Cuba, and some traders wonder if the Castro regime might not be spreading these reports for their effect on prices. The speculation here is that the 1964 Cuban crop will be about the same as 1963 — 3.8 million metric tons.

How much Castro's purchases of badly needed machinery and equipment will be able to help Cuba's troubled economy remains to be seen.

Today In History

By The Associated Press

Today is Monday, March 23, the 83rd day of 1964. There are 283 days left in the year.

Today's highlight in history: On this date in 1775, Patrick Henry made his immortal address with the phrase, "Give me liberty or give me death."

He was appealing to the Virginia Provincial Convention for preparedness against a possible struggle with England — at a time when few dared voice thoughts of complete separation.

In 1901, the Philippines rebel leader Aguinaldo was captured by Gen. Frederick Funston.

In 1909, former President Theodore Roosevelt set off on his scientific expedition to Africa.

In 1918, the Germans began shelling Paris, 76 miles away.

In 1933 Germany's Reichstag granted dictatorial powers to Adolf Hitler.

Cause Of Asthma Found In Human 'Throat Mold'

DENVER, Colo. (AP) — A yeast-like mold that may be growing inside half the world's inhabitants has been found to cause asthma, an allergy specialist said today.

Dr. Irving H. Itkin, head of allergy and asthma research at National Jewish Hospital, said in an interview that the mold, known as *Candida albicans*, grows in any warm, moist area—and it is often found in a human's mouth or throat.

"Possibly half the human population carries it around," Itkin said.

The growth of the mold, Itkin added, is encouraged by the prolonged use of antibiotics and steroid drugs used to treat asthma and arthritis.

Itkin also said that the presence of the mold within one's body does not necessarily mean the person is susceptible to asthma. Only those who are sensitive—or allergic—to the mold will probably get asthma.

The mold itself doesn't generally cause disease—although it has been blamed for thrush, a childhood ailment encouraged by lack of vitamins. Thrush is no longer common in the United States and usually, said Itkin, the mold grows quite harmlessly.

The presence of the mold, Itkin said, has been known for many years, "but it was overlooked by practically every allergist in the world as a possible cause for asthma."

Scientists at National Jewish discovered almost accidentally the connection between the mold and asthma—a respiratory disease. There are about four million asthma sufferers in the United States.

Itkin said that an Israeli patient was brought to the hospital suffering from asthma of an apparently unknown origin. About the same time Itkin had learned that the incidence of the mold was very high in Israel. Itkin tested the patient with an extract of the mold and found that it produced a severe allergic reaction.

During a study program that followed, 81 patients were test-

ed with the same extract. The results, Itkin said, proved that sensitivity to the mold was a frequent cause of asthma.

Patrolman Finds Wrong-Way Car And 'Stolen' Girl

MIDDLETON, Ohio (AP)—Patrolman John Combs stopped a car last weekend that had turned the wrong way into a one-way street.

He only advised the driver of his mistake, thinking nothing of a little girl he saw sleeping in the back seat.

About 10 minutes later, Patrolman Ernest Pence was stopped by Mr. and Mrs. Donald E. Fink of Preble County, who reported their car stolen, with their daughter, Karen, 8, asleep in the back seat.

The Finks said the car was taken while they went into a candy store with another daughter, Kathy, 10. Karen was left in the car.

Pence reported the theft to headquarters. Combs heard the message and went back to where he had stopped the wrong-way driver.

He found the car. The driver had fled.

But still sleeping in the back seat was Karen, unharmed and unaware of what had happened.

Chester Area Crash Hurts Woman, Child

A New Cumberland area woman and her infant daughter were admitted to City Hospital this morning for injuries received in a crash on the Route 30 Chester Hill at 9:55.

Mrs. Judy Korbel, 23, of New Cumberland, R. D. 1, and her daughter, Lori, 21 months, were injured in the two-car collision.

Mrs. Korbel suffered a lacerated skull and possible fractured skull and the infant sustained a fractured skull, according to early reports.

Hancock County sheriff's deputies said two cars were involved in the collision at Taylor's Bend midway up the grade. They indicated the road was icy at the site, as the Pughtown Garage of the State Road Commission was called to ash the area.

Volcano Again Spews Dust Over Costa Rica

SAN JOSE, Costa Rica (AP)—Volcanic ash covered streets and buildings of this Central American capital city Sunday as nearby Irazu volcano came to life again.

THE WHOLE TOWN'S TALKING ABOUT THOSE GREAT GUYS TO BUY GREAT CARS FROM

And no wonder. Dodge and the Dodge Boys led the entire car industry in percentage of sales increase in '63—and they're out to top their records in '64. See the Dodge Boys today for a great buy on a great car—a compact Dart, a low-price Dodge, or a big Dodge 880. Get a great deal, great service and a great warranty (5 years or 50,000 miles) from a great bunch of guys—the Dodge Boys.

HERE'S HOW DODGE'S 5-YEAR, 50,000-MILE WARRANTY PROTECTS YOU: Chrysler Corporation confidently warrants all of the following vital parts of its 1964 cars for 5 years or 50,000 miles, whichever comes first, during which time any such parts that prove defective in material or workmanship will be replaced or repaired at a Chrysler Motors Corporation Authorized Dealer's place of business without charge for such parts or labor: engine block, crankshaft, connecting rods, main bearing caps, main and intermediate bearing caps, transmission case and internal parts (excepting manual shift), torque converter, drive shaft, universal joints, rear axle and differentials; and rear wheel bearings. **REQUIRED MAINTENANCE:** The following maintenance services are required under the warranty—change engine oil every 3 months or 4,000 miles, whichever comes first; replace oil filter every second oil change; clean carburetor air filter every 6 months and replace it every 2 years; and every 6 months furnish evidence of this required service to a Chrysler Motors Corporation Authorized Dealer and request him to verify receipt of such evidence and your car's mileage. Simple enough for such important protection.

Johnson Endorses Benefits For Labor In Federal Work

TODAY IN WASHINGTON
WASHINGTON (AP) — In the news from Washington:

FRINGE BENEFITS: President Johnson told members of the AFL-CIO Building and Construction Trades Department today that he favors legislation to insure labor fringe benefits as part of the prevailing wage on federal construction work has the continuing support of this administration.

NO APOLOGY: Secretary of State Dean Rusk says there is no need to apologize to Sen.

for the labor group Tuesday, said in an advance message: "I can assure you that this bill providing for fringe benefits as part of the prevailing wage on federal construction work has the continuing support of this administration."

The secretary said his Salt Lake City speech last Thursday was not aimed at the senators but at views expressed in mail received at the State Department.

Mishaps Injure 11**2 City Residents Hurt In Crashes**

Eleven persons, including two from East Liverpool, were injured in a series of five accidents over the weekend, according to the State Highway Patrol at Lisbon.

Miss Glenda Lee Wilson, 24, of 314 Monroe St. was injured Sunday at 4:10 a.m. when her car went off Route 30 a mile north of the city limits.

Officers said she was headed south when her car went off the right edge of the pavement and overturned.

She was admitted to City Hospital with a laceration of the scalp, and injuries of the right jaw. She was in "fair" condition today.

Two passengers in his car also were hurt.

LINDA MORRIS, 18, of Kensington R.D. 1 had contusions of the forehead and both knees and Ralph Morris, 21, of Kensington R.D. 1 had a mild laceration of the forehead and contusions.

Those in the Grate car who were injured included Grate, contusions of the left temple, sprained neck and sprained right foot; Mrs. Grate, 49, contusions of the chest and possible rib fractures; Thomas Grate, 22, of Newton Falls, contusions of the forehead and abrasions of the right ankle, and Lynette Grate, 18, of Newton Falls, scalp laceration.

Businessmen are counting on consumers being anything but sluggish this spring, thanks to larger take-home pay. So, many industries are raising their goals for production and sales, with an eye on reaping the benefits they see in the federal income tax cut. Factory activity and retail promotion should be increased.

And a number of companies are jumping on the tax cut bandwagon with announcements of expansion plans that would furnish more jobs. Spring fever will be hard put to compete with such optimistic fervor.

Investment bankers, securities dealers and some state legislatures are watching the tax fever, too. Dealers in government and corporate bonds know that the federal government will be running a big deficit this year and have to borrow more, thanks in part to smaller tax collections. In the spring months the deficit will be the product of the 1964 spending budget. Next fall when tax collections will be slowest, there will be the 1965 fiscal year's budget deficit, heralded as being smaller than the last one, but still requiring the Treasury to borrow more money, unless tax returns build up faster than now expected.

A car driven by the Rev. Calvin Ware, 77, of N. 7th St., Tonton, rammed an embankment along the East Liverpool-Wellsburg super road a mile and a half south of here Sunday afternoon at 2:15.

Officers said Rev. Ware swerved right and went into the embankment as another car, driven by Robert W. Gray Jr., 22, of 120 Columbia Dr., Chester, started to pass. There was no collision between the two vehicles.

Tax Cut Fever Expected To Spur Spring Economy

By SAM DAWSON
AP Business News Analyst
NEW YORK (AP) — Spring fever will clash with tax fever this year.

Gages, the pressure will be that much the greater.

Tax fever takes another form

in many state legislatures. At least 18 states have already passed or are considering some tax changes this year. Unlike Congress, the state law making bodies' ideas are mostly for increases rather than cuts.

Of course, spring fever might just win out for a time with

many citizens. Instead of running around buying more than they normally would as the seasons change, and taking on more debt along with the down payments, they might just take it easy. They might pay up some of their old debts, or put in diameter, and requires about

some form of savings or investment. The largest egg of all present - living birds is the one produced by the ostrich. It averages about six to seven inches in length and four to six inches in diameter, and requires about 40 minutes for boiling.

The Lenten Story

BY WOODI ISHMAEL

JESUS IS BURIED

When it was dark, Joseph of Arimathea, a lawyer and member of the Sanhedrin, boldly went to Pilot and asked for the body of Jesus. Joseph was a just man and a follower of Christ. Pilot granted the request but first sent out a centurion to make certain that Jesus was dead.

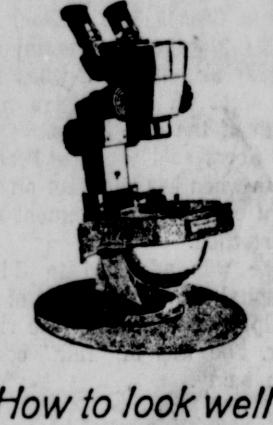

Joseph and a man named Nicodemus, who brought a mixture of myrrh and aloes, wrapped the body in linen cloths with the rich spices, after the Jewish burial custom.

Then they took it to a new tomb in the garden where the crucifixion had taken place. The tomb had been hewn out of solid rock and was very formidable, but to prevent desecration of the body by the mob, Joseph ordered a large stone rolled in front of the entrance.

Thus was the Son of Man laid to rest. 3-23

125 Attend Installation For DeMolay Chapter

Approximately 125 attended the installation of officers of the Harding Chapter, Order of DeMolay, Saturday night at the Masonic Temple.

Seated were Edward Birch, master councilor; William Vale, senior councilor; Byron (Skip) O'Neill, junior councilor; Rick Fisher, chaplain; Brent English, senior deacon; Tom Morris, junior deacon.

James Orr, senior steward; Nick Harding, junior steward; Randy Calhoun, sentinel; Tom Zook, marshall; Terry Calhoun, standard bearer; Robert Griffith, orator; Joseph Blankenship, almoner, and Tom McKinney, Robert Fannin, Robert Walker, William Cunningham, Don Edgar, John March and James MacPerson, preceptors.

The installing team included past master councilors Roger Hicks, Gary Mackey, Tom Powers and David Hoffman and John Geren, retiring master councilor. Geren, who was the installing chaplain, gave the invocation.

Birch conducted the DeMolay rose ceremony, a tribute to motherhood. He was presented the rotating master councilor's Bible by Geren. Mrs. William

Geren, president of the Mothers' Circle, presented Geren with his own past master councilor's DeMolay Bible.

Geren, who also gave the 9 o'clock interpolation prayer, was awarded his past master councilor's lapel pin by Hicks, the installing officer.

Homer D. Hoffman, chapter dad advisor, introduced the guests, who included Alex Kidd, 33rd Degree Mason; Lawrence Brokaw, Knights of the New York Cross of Honor; Edwin Broadbent, worshipful master of Riddle Lodge; Mrs. Samuel Blackburn, worthy matron of Crystal Chapter, Order of Eastern Star; Miss Kay Eaton, honored queen of Job's Daughters Bethel 61; J. Clifford Conley, chairman of the DeMolay advisory council; James Walker, representative DeMolay advisor, and Robert Kidd, advisor.

The benediction was given by Fisher, newly-installed chaplain.

The installation ceremony was followed with a reception in the grill room under the direction of the Mothers' Circle.

The week commemorated the 45th anniversary of the founding of the Order of DeMolay.

Members attended Palm Sunday services at their respective churches.

The chapter will meet April 2 to initiate new members.

Southern Local Band Gets Superior Rating

SALINEVILLE — The Southern Local High School band, composed of 52 members, won a superior rating in the District 8 contest Saturday at Tuslaw High School near Massillon.

Directed by John W. Hutson, the band has been awarded "superior" ratings in the state competition for two straight years.

The mixed chorus, directed by Ray Lautzenheiser, competed in the district contest for the second time. It followed up last year's "fair" rating with a "superior" this year.

Both the band and the 64-voice chorus will compete in

the state competition April 25 at Columbus.

Thomas Leek, principal, also praised the band in a talk.

Traffic Strike Delays Commuters In Tokyo

TOKYO (AP) — The 17,000-member Tokyo traffic labor union staged a three-hour strike today immobilizing Tokyo's city-run streetcars, buses and subways and holding up an estimated 300,000 commuters.

The workers staged the walkout in opposition to a management plan to reduce operating expenses.

Stanton School's Musicians Given 'Superior' Rating

HAMMONDSVILLE — Stanton Local High School's band and mixed chorus both qualified for the state music contest in winning "superior" ratings in the District 8 contest Saturday at Tuslaw High School near Massillon.

Directed by John W. Hutson, the band has been awarded "superior" ratings in the state competition for two straight years.

The mixed chorus, directed by Ray Lautzenheiser, competed in the district contest for the second time. It followed up last year's "fair" rating with a "superior" this year.

Show Rated Smash Hit

Overflow Crowd Greets Annual Minstrel Of Lions

By CLARA HALL

The fifth annual minstrel show of the Lions Club went into the books as another smash hit when it was presented Saturday night at Westgate Auditorium before an overflow audience.

When it was all over, a tiny 4-year-old girl, Diane Lynn, wandered onstage and shook hands with Dr. John A. Fraser, one of the volunteer performers. Expressing the sentiment of many in the audience, she said: "It was wonderful."

The Lions Club members, wearing white clown makeup, formed a chorus background for the specialty acts. They were attired in white shirts, red ties and straw hats with red bands. All the proceeds will go to the club's Sight-Saving Fund, which aids the blind and those with failing sight.

Anthony Bernardi was director. Among the new touches in the 1964 production were the trumpet playing of Kenny Nichols and instrumental accompaniment of Hi Lemire and Ed Beaver.

Much of the humor was provided by Francis Wise, who appeared frequently with placards carrying comic quotations written by Donald Duke. Fred Kane and Duke were the general chairmen.

Dr. Myer Alpern turned in another good job as interlocutor, complete with wig and guitar. He was a last-minute substitution for Dr. J. Fraser Jackson, who has been ill for a week.

Dr. Alpern gave an assist to Ed Shingler and Kane, the head endmen, in an audience participation skit on "The Beatles." The endmen directed the audience with a bowl brush and plunger.

Applause greeted Ernie Lowe in several vocal solos. The audience also applauded Chuck Laughley in two solos, Nyla Jo Bailey in several specialty numbers. Patrolman Orin C.

Smith, in two vocal numbers, and Bob Matthews, an endman, in a specialty song.

"The Gall Tones," comprised of area physicians, displayed their dramatic abilities in "Tales of Bluebeard." The appropriately-costumed group was comprised of Dr. Janis Lauva, who portrayed the heroine; Dr. Fraser, the villain; Dr. Stephen Sinclair, the sister, and Dr. Richard Bonistalli, the hero. Dr. Alpern was the narrator.

Endmen in specialty songs included: Pat D'Pasquale, Thomas Miller, Chuck Haughn, Jerry Rose, Atty. Paul Tobin and Kane. Other specialty acts were Ray Vaughn, who sang two numbers; George Miller with banjo selections, and Nichols, with two trumpet solos. Miss Nancy Clark was his accompanist.

Children participating included Beck Zamborsky of Toron-to, a baton-twirler, and Pat Mason of Wellsville, a boy tenor.

Greg Manning, a sprinter, delivered notes to the stage; little Elizabeth Mason passed across the stage continually "looking for a restroom," and Ginny Cole and Charlene Maloney hawked tomatoes in the aisles to help keep things moving.

Ronnie Vespaiani, a state patrolman from Pennsylvania, did

A new flag was raised at the Post Office on W. Main St.

Gerald Finnie, minister of the Salineville Church of Christ, gave the benediction.

olic Church gave the invocation. Guest speakers included Miss Jennifer Needham and Andris Baltputnis, Southern Local High School seniors, Rep. Wayne L. Hays of the 18th District and William Rahter, assistant to the regional director of the Post Office Department, whose office is in Cincinnati.

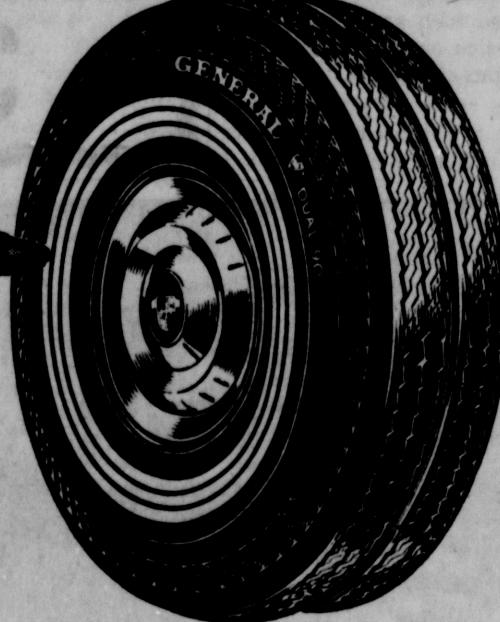

Roger Cole served as master of ceremonies. Postmaster Clarence J. Loch presided. Fr. Wallace Kosin of St. Patrick's Catholic Church gave the benediction.

There were 14 visiting postmasters. Open house followed the program. Members of the Ladies Civic Club served lunch.

Rogers Party Slated

ROGERS — The Mothers Club will hold an Easter party for children in the first four grades of Rogers School Thursday at 1 p.m. Mrs. Robert Welce, president, said a treat will be given the youngsters and an outdoor egg hunt will be held if weather permits.

2 Given Scouting Awards

William Hughes, right, and Paul Calhoun were presented the highest awards in the Cherokee Boy Scout District at the annual district awards dinner Saturday night at Beaver Local Public School.

About 185 attended the dinner, which was held to recognize the efforts put into Scouting during 1953.

The awards were presented to the two by George H. Marshall, district vice chairman, for the time and effort spent toward district Scouting over and above their regular duties.

Guest speaker was George Hargraves Jr., assistant city school superintendent. He told of the disadvantages if there had never been a Boy Scout movement. He also spoke of a television show entitled "The Rise and Fall of American Communism."

In the opening ceremony,

four Cub Scouts of Pack 60 of St. Ann Catholic Church participated in a scene depicting "The American Heritage."

Mrs. Francis Ramsey gave a brief talk on the subject.

William R. Rayburn, chairman of camping and activities, was master of ceremonies. The welcome was given by Bennett Taylor.

Don Theiss, training chairman, presented the training award to Richard Payne, who received the arrowhead hon-

or award for commissioner service.

The community awards went to Chester American Legion Post 121, with Lloyd Mansfield, post scouting representative accepting the award, and the American Vitrified Products Co., with Calhoun, receiving the award on behalf of the company.

Ribbon awards for unit recognition for district activities were presented for Polar Bear Camp which include: Camp site, Troop 22; survival camp,

Troop 32, first; Troop 76, second; Troops 42 and 59, third.

Scout Week window displays: Cub Scout Pack 36, first; Pack 47, second, and Packs, 34, 78, 12 and 60, honorable mention.

Boy Scout window displays: Troop 38, first; Troop 19, second, and Troops 60, 22, 59 and 12, honorable mention.

The invocation was given by the Rev. James Sanko, pastor of the Riverside United Presbyterian Church of Wellsville, and the benediction by the Rev. Russell Shepherd, pastor of the Long's Run United Presbyterian Church.

Greetings were by Robert S. Hepburn, district Scout Executive.

Other Cherokee District personnel include Frank J. Rossi, district chairman; Don L. Theiss and Donald A. Ramsey, district vice-chairmen; Milton Reese, district scout executive; Eugene Seeley, chairman of the health and safety committee; Jerry D'Angelo and Donald Jones, chairman of advancement committee, and James Laughlin, chairman of finance.

A WANT AD

THE TRUTH ABOUT BUYING A FURNACE

who is kidding whom
about these low, low prices?

Q.
A.

How can some dealers offer to sell heating systems at prices below the actual cost of producing a quality furnace in a modern plant?

ONE OF THREE WAYS:

- No. 1—By using cheap, inferior components that are made to meet a price, rather than serve the homeowners needs.
- No. 2—By "bumping" the customer to a much higher priced system with a high pressure sales talk. This is a version of the old shell game.
- No. 3—By skimping dangerously in installation procedures, and service after the sale.

GOOD PRACTICES TO FOLLOW IN BUYING HEATING

Look around for a dealer with a good reputation. Refuse to deal with anybody else, no matter how tempting the deal may sound. Invest in a heating system with a brand-name furnace backed by years of honest service to the public.

The Masculine Reaction

Designer Studies Men's Habits

By VIVIAN BROWN
AP Newsfeatures Writer

Men are creatures of habit when it comes to home furnishings and their comfort, a good thought to keep in mind when decorating that first home, says Mary Morrison Kennedy, architect and interior designer. She discovered that fact in decorating more than 31,770 rooms for an international hotel chain.

"When a man finds a room setting that pleases him, he'll go back to it over and over again. Men aren't too fussy, but they like what they've been used

to and know. They don't relish change," she says.

In the several decades she has been sizing up their whims, she has found men like cheerful colors, particularly red, rather than watered-down colors, and dislike little feminine doo-dads like bureau doilies. They don't like clutter, such as unnecessary furniture and they don't care for sofa beds," she did 150 rooms in French reproductions brought from Paris.

HER ANSWER to clutter has been to cut down the number of pieces of furniture in a room in some instances from eight or 10 to five, mainly replacing dual purpose furniture.

Hotels are catering to men in other ways, she says, such as providing ice cube machines and small coffee makers. Men are impatient when it comes to wanting ice or coffee.

"WE'VE FOUND that one magnificent piece in a room makes a tremendous impression and is a great conversation piece. We'll use a vitrine with figurines or a marble-top com-

mode with a handsome mirror to achieve importance.

Eighteenth Century French furniture may be too pretentious for the average home, she says. French Provincial or English furniture is more livable. Regional preferences do enter into consideration when she is on a purchasing mission for the hotels of the Sheraton system for whom she heads up a department of design and architecture. Spanish and contemporary furniture goes over big in Puerto Rico. Danish furniture is popular in Caracas; rattan and contemporary with plastic tops and leather bindings is a big hit in Hawaii.

The early American treatment has been given to rooms in Chicago, Washington, San Francisco, Houston, Louisville.

Necessary pieces of furniture like television sets look out of kilter with antiques, but Mrs. Kennedy solves problems as they arise. In Philadelphia she had an artist paint the television sets, with little curtains, a la Punch and Judy.

It HAS TAKEN many years to liven up hotel rooms, she says, due to reticence on the part of the hotel proprietor. Years ago if an interior designer showed him bright colors, he'd throw up his hands in dismay. Cleanability and durability were the considerations.

They still are but now you can find the answer in the gayest fabrics and patterns. Some upholsteries may be clean and wash with soap and water.

"There are many labor saving techniques used, such as lining drawers with white plastic rat-

er than paper, and using plastic topped woodgrains instead of glass tops on bureaus, and they are incredible, almost impossible to tell from the real thing.

Mrs. Kennedy is a graduate of Massachusetts Institute of Technology. She believes that someday furniture will be part of the architecture of rooms, particularly in hotels. And it won't result in a static look, she says. Upholstery, fabrics and carpets will be changed from time to time to keep rooms up to date.

By The Associated Press

A triple drowning before the eyes of horror-stricken Mayor M. E. Sensenbrenner in Columbus furnished major impetus as a heavy Sunday toll ran Ohio's weekend accidental death count to at least 16.

This first weekend of spring appeared headed for a moderate loss of life, with three deaths reported Saturday and none Friday night, before a variety of tragedies blackened Palm Sunday.

Traffic deaths totaled a known nine, with two double-fatal mishaps a factor. Besides these and the drownings were the deaths of a locomotive engineer when one freight train ran into the rear of another, a service station mechanic killed by carbon monoxide, a teen-age boy hanged by knotted rope, and a man crushed under his car when a jack slipped.

The fatalities:
Saturday Daniel Gaines, about 70, Columbus, apparently victim of a hit-and-run motorist in Columbus.

Charles Schindler, 14, Madison Twp. near Dayton, hanged while practicing his hobby of extricating himself from knotted ropes.

Kenneth E. Knight, 50, Sheffield, Lake overcome by exhaust fumes from his wife's auto on which he was working at his service station. Sunday Douglass Johnson, 39, and William P. Herbert, 18, both of St. Clairsville, when Johnson's auto collided with one in which Herbert was a passenger on U.S. 40 one mile west of St. Clairsville.

Terry E. Flor, 18, Lynchburg, when his car left Ohio 134 and struck a culvert just north of Lynchburg in Highland County.

William F. McIntire, 18, Lakeville (Holmes County), passenger in an auto that wrecked along Ohio 754 south of Shreve in Holmes County.

L. F. Hartsel, 50, Mansfield, locomotive fireman on a freight train that rammed the rear of another freight two miles southeast of Massillon.

Clyde A. Hartman, 26, John D. Wilkerson Jr., 23, and Fire Department Capt. Clarence (Fred) Martin, about 50, drowned in the Olentangy River in Columbus—Hartman and Wilkerson after their canoe capsized and Martin when a rescue boat also overturned.

Theodore Hudson, 66, Cleveland, when his car collided with another auto in Cleveland.

Earl Wilson, 37, Cincinnati, crushed when an auto he was fixing slipped from a bumper jack behind his home.

Mrs. Ann K. Camp, 60, Sandusky, in a two-car collision at the U.S. 250-Ohio 113 intersection in Milan.

Curtis Conley, 24, Sunbury, and James P. Thomas Jr., 2, Galena, occupants of an auto that struck a guard rail and cement bridge structure eight miles north of Marysville on Ohio 347.

**Tape On Handles
Gives Insulation
For Hand Tools**

QUESTION: I have recently been given a large collection of hand tools, such as screwdrivers, pliers, etc. All of them are in good condition, but they do not have insulated handles, as so many of the new tools have.

I expect to be doing some work around electricity and I would like to insulate the handles to make them completely safe. Can you tell me how to do this?

ANSWER: The only way to insure complete safety in working around electricity is to know exactly what you are doing—and even then, you'd better be sure that what you are doing conforms to electrical codes in your community.

The simplest way to insulate metal handles is to wrap them in rubber tape or plastic electrical tape. Or you can buy one of the rubber compounds sold in liquid form. The handle is dipped into the compound, forming a rubber mold when hardening takes place.

Follow the instructions carefully, since some compounds require more than a single coat to insure insulation.

QUESTION: I wish instructions about mixing concrete would tell how to determine what is a cubic foot of sand. How do I measure a cubic foot?

ANSWER: Make a wooden box with each side one foot square. Do not put a top or bottom on the box. Place the box on the ground, pour in sand and level it off at the top. Lift the box off the ground. The sand remaining on the ground will be one cubic foot.

Simple To Elaborate

Variety Of Styles Listed
For Outdoor Fireplaces

By ANDY LANG

Depending on your inclination, your skill and the amount of money you want to spend, you can make an outdoor fireplace as simple or as elaborate as you wish.

It can be nothing more than a few concrete blocks set on the ground with a grate across them or a fancy masonry structure enclosing a ready-made metal unit with various cooking controls.

Will your fireplace need a chimney? If you intend to burn only charcoal, a chimney is not essential. If you will be using wood or coal, a chimney is necessary. The chimney must be higher than any adjoining structure or nearby shrubbery so that the smoke can be carried away and there will be no downdraft.

Bricks or concrete blocks can be used, held together with mortar if the fireplace is to be anything other than a temporary cooking setup. A ready-mix mortar requires only the addition of water.

Or you can make your own with one part portland cement, one-quarter part lime and three parts of fine sand. Add enough water to give the mixture the consistency of soft mud, so that it spreads easily yet does not run.

THE MORTAR soon loses its workability. Make only enough to last from 30 to 40 minutes, then mix another batch. The bricks or blocks should be buttered generously, with the excess being removed as you go along.

Build up the corners first,

Ham, Turkey Take Spotlight
In Stores For Easter Menus

Ham, turkey and poultry fryers have moved into the spotlight at district meat counters as offerings for Easter menus, according to Ed Watkins, market information agent with the Agriculture Extension Service in Canfield.

Heavy cattle marketings are keeping prices down and have resulted in wholesale beef cuts being generally below the low levels of last month.

At the wholesale levels, ribs are off three cents per pound, loins are down two cents and rounds are off one-half cent while chuck are up three cents. Wholesale pork prices are showing little change from the present low levels.

Hints from Heloise

— By Heloise Crane —

Dear Gals: Stop!, Look!, and Listen!!!

Easter is just around the corner, along with budgets, too... remember?

Two Easters ago I wore the cutest straw hat I have ever had. I simply loved it. We all have one of the favorite hats. My daughter has one, too.

But sometimes they turn yellow after a season or so.

Here's what I did.

I took off all the trimming, turned the hat upside down on a newspaper and sprayed the inside of it with dime store paint from a fizz can! (We want the inside looking nice, too.)

After the inside dried, I turned the hat over and sprayed the outside!

Now I have a new straw Easter hat that is a delicate turquoise color. (The paint gives the old straw new "body".) I used dull-type enamel.

On my daughter's hat I used a flat white spray. It's real lush! The paint covered all the yellow aging. (Don't we wish we could cover our age with five minutes and a fizz can?)

GET SOME new trim from your dime store and re-trim the painted hat. You will be thrilled with the results. Sometimes the old trim can be rejuvenated with a small brushing (especially if it's flowers) and used for another season or so.

And gals, the spray paint WILL NOT WORK on felt hats. I hope we all remember that. This hint is for straw hats ONLY.

But if you do have an old straw hat that you can't possibly wear the way it is, try getting that old can of leftover fizz paint from the garage or buy

a small can of new paint, and spend a few minutes making your own creation.

You might turn up in church Easter morning with the cutest and most comfortable hat there. And what's more comfortable than a broken-in hat that you feel comfortable in?

Don't tell me. I know... it's old shoes!

HELOISE.

DEAR HELOISE: Recently there was a letter from a mother who wanted help in keeping her toddler's shoes white.

Here is what I do:

I put adhesive tape around the toes of my baby's shoes. Then when I go some place special the tape can be removed and underneath it is a nice white shoe! I cover just as much of the shoe as will drag along the floor when he crawls, and only the adhesive becomes dirty.

The adhesive could also be applied to the side of a shoe in case your baby crawls sideways.

MRS. G. V. OLLIVER.

DEAR HELOISE: Now that it is almost time to store your blankets and winter clothing, here is a good suggestion:

After reading the paper today, lay this paper between your blankets and clothing. This will keep the moths away. I even hang newspapers on my coat hangers to cover my dresses and coats. You will never see a moth again. It's inexpensive but so good.

Ladies, many books say that there is something in newspaper print that keeps some types of bugs away. This hint comes in from time to

Catholic Service Unit Opens Work To Draft Budget

LISBON — The Advisory Board of the Catholic Service Bureau has started work on drafting a new budget, hoping it will be ready for presentation at the next meeting April 23.

The adoption committee will meet in Lisbon April 2 at 7:30 p. m. to study standards and form policies in regard to adoptive home applications.

The unit met Thursday, deciding to renew a former request to the East Liverpool Area Community Fund for assistance.

Miss Mary Catherine Donahue, executive secretary, reported the number of children under the group's care remained unchanged at 58. Six children came under its care in the preceding month, but six other cases were closed.

Thirteen families and individuals with 19 children received short-term assistance, it was reported. Because of the increased case load and the need for better service to children and families, the group discussed the possibility of hiring additional staff members.

DEAR HELOISE: How to frost windows in your bathroom?

I simply took some white enamel paint, that I had leftover from one of my painting jobs in the kitchen.

I crumpled a piece of clear paper, dipped it in the paint and painted over the bathroom window panes and over a window in a panelled door.

I did a good job and have received many compliments because it looks just like frosted glass.

Program Set Tonight At 8

**Choirs To Give Cantata
At Church In Wellsville**

The combined choirs of the Wellsville First Christian and First Methodist Churches will present a cantata, "The Seven Last Words of Christ," tonight at 8 at the First Christian Church.

The choirs will be assisted by Donald Y. Clark, tenor soloist at the First Methodist Church of Beaver Falls and a member of the Mendelssohn Choir, also will participate.

The program will begin with the invocation by the Rev. Robert Andrews, host pastor, followed with an anthem, "The Great Day of the Lord Is Near."

with Helen Bibbee and Clarence Lane as soloists, and a solo, "Were You There" by Mrs. Clark.

Participants in the "The Seven Last Words of Christ" will include:

First word: "Father, forgive them," by William Bush, Clarence Lane and choir.

Second word: "Thou shalt be in Paradise today with Me," Clark, Willard Havelock and choir.

Third word: "Woman! Behold Thy Son," Donald Montgomery, Clark, Mrs. Miller and choir.

Fourth word: "My God! My God! Why hast Thou forsaken Me?" Ernest A. Lowe.

Fifth word: "I thirst," Lane, Bush and choir.

Sixth word: "Father, into Thy hands I commend My Spirit," Clark and choir.

Seventh word: "It is finished!" Joyce McLaughlin, Eileen Bush, Clark, Lane and choir.

The introduction will be presented by Mrs. Sara Miller and the offertory, "God So Loved the World," by the choir.

The Rev. Arden Beck, pastor of the First Methodist Church, will close with benediction.

**Singer, Wife Hurt
When Sports Car
Flies From Road**

BISHOP, Calif. (AP) — Officers say singer Vic Damone, recovering with his wife today after a spectacular auto accident, must have been flying when his sports car left the road, fell into a shallow canyon and hit a tree.

After seeing the car jammed among the trees, patrolman Alan K. Stoll said Damone "must have flown it in; you can't drive in there."

The car, an Italian-made Ferrari worth about \$15,000, was demolished. Damone had bought it only five hours before the accident Sunday.

A doctor said the 35-year-old singer suffered abrasions, lacerations on his left cheek and behind one ear, severe bruises and a slight concussion.

His wife, Judy, 27, suffered a concussion, bruises and slight cuts. Damone was expected to be released from a hospital here today, but his wife would remain longer, said Dr. Roy Hartwig.

Patrolmen said the Damones were southbound on U.S. 395 at an elevation of 8,000 feet, about 50 miles north of Bishop, in the heart of the High Sierra, when

the car skidded along an embankment for about 140 feet, crossed the highway and plunged 50 feet into a shallow, forested canyon.

**Salineville's Council
Will Vote On Fund Bill**

SALINEVILLE — Village Council is scheduled to act on the annual appropriation ordinance at a meeting tonight at 7:30.

Purchase of insurance for the new police cruiser also will be discussed. Council is scheduled to vote on pay raises for the offices of police chief and street foreman. Mayor Stanley Fitch will preside.

Bringing Up A Family

By DR. GARRY MYERS

Destructive Child Can Be Curbed

Some youngsters, usually under five or six, often break their toys and other objects about the home because they have not had sufficient guidance in the use of them. A few others deliberately destroy such things.

They may do so when in a fit of rage. They may get Dr. Garry Myers a sense of satisfaction from doing so. Now and then I read a letter about the youngster who seems to be a chronic destroyer. It's generally from a distressed mother who has not found a way to solve this problem.

She has tried all sorts of punishment, apparently all inconsistent. Or she has tried taking certain or most toys away from him.

OCCASIONALLY denying him a particular plaything for a time might have some good effect, but keeping most or all toys from him doesn't solve anything. He needs guidance in their proper use and then he'll derive pleasure from them.

The mother and father of such a child should arrange their time so as to be able to relax and provide a calm, cheerful and loving atmosphere for the youngster. They should read a great deal to him, answer his questions kindly and rock and cuddle him if he likes it.

They should also help him get fun out of his playthings, especially new ones, and to encourage his growing carefulness. Moreover, they should set the stage so he will often play with other children near his age, who are careful with toys the less he will destroy.

Parents whose child is not markedly destructive wisely follow the foregoing principles in stimulating him to be more creative and more careful with his toys. To these ends, patterns in his behavior are pretty well established before he is four or five years old. They involve his relationship to his parents: how well he and they enjoy one another and how well they win this cooperation.

IN ADDITION to providing

the young child of destructive

and who play creatively with them.

THESE PARENTS should put emphasis on stimulating this child to create, to draw and paint pictures, to mold with clay, to cut out from old newspapers and magazines pictures he likes and to paste them on a cardboard or in a scrapbook. They should see that he builds with blocks and other materials, plays at make-believe (not the cops and robber type), and uses his imagination.

He needs tools and materials for playing creatively and parents who enjoy his creations, for the more a child creates the less he will destroy.

My bulletins, "The Nervous Child," "Stimulate Your Child's Imagination" and "Teaching Child Care of Property," may be secured by sending a self-addressed, stamped envelope to me in care of The Review.

Lisbon Court Begins Man's Forgery Trial

Austin Wayne Hoschar, 36, of 475 Mulberry St. went on trial today before Common Pleas Judge Raymond S. Buzzard at Lisbon on a charge of forging a check on the Potters Bank & Trust Co.

Hoschar was indicted on two counts of forgery by the September Grand Jury. He was found guilty by a jury earlier

on one count, but the case has been appealed to the 7th District Court of Appeals.

The jury for the trial today is:

Betty Dailey, Naomi Blakely, Pauline McKeever and Ruth Irwin, East Liverpool; Margaret Thorne and Betty Havelock, Wellsville; Harry R. Waller, Salem; O. Dall Mason, Lisbon; Floyd Hays, Kensington; Philip Unger, Florence Ruscoe and Betty George, New Waterford.

Frank Copstick of East Liverpool R. D. 3 is alternate.

5 Games Launch Wellsville Jaycee Cage Tourney Tonight

Officials Go Whistle Happy In State Cage Tourney

Field Of 22 Teams Enter 5-Day Event

The Wellsville Jaycees launch their annual hardwood tournament tonight with 22 teams in the field.

A schedule of five games are on tap tonight at the Beacon Memorial gym for the tourney that will run five days. Games

By FRITZ HOWELL
COLUMBUS, Ohio (AP) —

Never have officials' whistles booted as often in Ohio's high school cage tourney as they did in the weekend's 42nd annual classic.

Dresden's Jayhawks won the Class A title for the second straight year, 71-61 over second-ranked Celina Immaculate Conception—and they did it from the charity line. Celina had a 23-21 field goal advantage, but lost that four-point edge and 10

more as Dresden converted 29 of 41 free throws while the losers were getting 13 of 17.

The 29 free throws were just one under the record of 30 by Lockland Wayne in 1955.

And top-ranked Dayton Belmont's classy Bison, although they didn't need them, poured a prodigious 65 free throws through the hoop in two tilts—21 more than the old two-game record of 44 set by Hamilton in 1954 and tied by Middletown three years later.

Belmont Is Class Of 'AA'

Belmont had 34 of 44 charity tosses in the 80-56 semifinal victory over second-ranked Canton McKinley, to make a 23-21 field goal edge look like a rout. And against Cleveland East, in the 89-80 championship tilt, the Bison counted 31 of 39 free throws.

Previous high in foul shots was 27 by Cleveland St. Ignatius in 1953—and Belmont cracked that mark twice.

Belmont, in the title tilt, came within two points of tying the championship game scoring record of 91 set by Middletown in 1956 against Canton McKinley—and they proved they deserved it all.

Bill Hosket, the state's No. 1 player, was named to the same spot on the all-tournament team. Don May, also an All-Ohio, led the scoring with 43 to Hosket's 41 and made the all-tournament team along with Harry Culbertson.

Emanuel Leads, Cleveland East's 6-foot-8 star who was third in scoring with 31, was named to the all-tourney team, along with classy Ray Flanagan of Canton McKinley. Elyria, smothered 58-31 by Cleveland 47, in 1959.

East in the semifinals—and limited to 10 field goals—failed to land a man on the two all-tourney teams.

Belmont's winning margin of 29 points over East, as the Bison won the crown with a 26-1 record, has been exceeded only twice in the title game. Middle-town's 38-point edge in the 73-35 victory over Newark in 1953 is the record, and Cleveland East Tech had a 36-point advantage over Toledo Scott, 83-58, in 1959.

Here's Tonight's Card At Wellsville Tourney

6 — Burton Soho (Wellsville) vs. Friendly Bowling (ELO)

7—Wellsville SOI vs. Mason's IGA (Wellsville)

8—Marke Furniture (Akron) vs. Cousin Boddies (Wellsville)

9—Belfield Church (Pittsburgh) vs. Amvit (ELO)

10—Minerva All-Stars vs. winner of Marke-Cousin Boddeis game

are scheduled Tuesday, Wednesday, and Thursday with semi-final tilts on Saturday afternoon and the championship game Saturday night.

Tournament officials are playing the semi-finals Saturday afternoon because no games will be played on Good Friday.

Leading off tonight's five-game schedule at 6 will be Burton Soho of Wellsville and Friendly Bowling Center of East Liverpool. The 7 o'clock contest pits Wellsville SOI against Mason's IGA of Wellsville.

Marke Furniture of Akron featuring several members of the Akron U. squad and All-Ohio Conference players will take the floor at 8 p.m. against Cousin Boddies of Wellsville.

Belfield Church of Pittsburgh will meet Amvit's of East Liverpool at 9 while the Minerva All-Stars face the winner of the Marke Furniture-Cousin Boddies game at 10.

Shaffer's Trucking, defending champ for the past two seasons, are back in the fold and will make an appearance later in the week.

A strong local contender is Uncle Pete's of the East Liverpool City League.

Casper Wins Doral Open By 1 Stroke

By TED MEIER
Associated Press Sports Writer

NEW YORK (AP)—The move of the World Boxing Association to strip Cassius Clay of his heavyweight title may lead to a "big, big mess."

Ed Lassman, president of the WBA, said in Miami, Fla. Sunday that Clay's personal actions have made him a "detriment to the boxing world" and that he was polluting the WBA's 20-member executive committee to declare the title vacant.

Lassman said that only 11 votes were needed and that he expected to announce a "favorable vote" Friday.

The champ himself—or Muhammad Ali as he prefers to be

called—countered with the assertion that "they're going to cause a big, big mess all around the world."

Lassman's action, virtually on the eve of Tuesday's opening of a Senate boxing probe in Washington, surprised pugilistic circles almost as much as Clay did in dethroning champion Sonny Liston in their title bout Feb. 25 at Miami Beach. Liston failed to come out for the seventh round, claiming an injured shoulder.

Clay, who has acknowledged that he is a member of the Black Muslims, a Negro supremacy group, claims he is "the saviour of boxing" and is not a "poor example for the youth of the world" as Lassman contends.

Should the WBA declare the heavyweight title vacant, it would be unprecedented. In 1959 the WBA, then known as the National Boxing Association, lifted Sugar Ray Robinson's middleweight title, but that was because Robinson did not defend within a stated time.

Komives, Newsome Pace Mid-Am Squad

BOWLING GREEN, Ohio (AP)—The 18-year-old Mid-American Conference has two more players named to the all-conference basketball team for three years in a row—Howard (Butch) Komives of Bowling Green and Manny Newsome of Western Michigan.

Both players were unanimous choices of the league's seven coaches. They are the fifth and sixth three-time nominees to the stellar team in the history of the conference.

Komives is the nation's leading scorer and finished the season with a 36.7 points per game average. Jeff Gehring of Miami and Don Hilt and Jerry Jackson of champion Ohio University completed the first team.

Never in Professional Golfers Association history has there been such a long period in which no player has won twice.

With Sunday's victory, Casper rocketed from 43rd to fifth place in the money-winning list with a total of \$10,112. In eight earlier tournaments, he had cashed only \$2,612 in pay checks.

Nicklaus, winner of one tournament this year, picked up \$4,000 for second place to stay on top of the money list with \$17,500.

Two strokes behind Casper going to the 18th, Nicklaus dropped his second shot 20 feet from the pin. Casper hit his second into a sand trap at the edge of the green and blasted out to 18 feet.

By sinking his putt for a birdie, while Casper was two-putting for a bogey, Nicklaus could have forced an 18-hole play-off and took plenty of time lining up his shot as the tension mounted.

But the ball missed the cup by two inches and rolled three feet past. Casper then missed his putt but happily accepted the bogey that left him a stroke ahead.

WBA May Attempt To Take Heavy Title From Cassius

By TED MEIER
Associated Press Sports Writer

NEW YORK (AP)—The move of the World Boxing Association to strip Cassius Clay of his heavyweight title may lead to a "big, big mess."

Ed Lassman, president of the WBA, said in Miami, Fla. Sunday that Clay's personal actions have made him a "detriment to the boxing world" and that he was polluting the WBA's 20-member executive committee to declare the title vacant.

Lassman said that only 11 votes were needed and that he expected to announce a "favorable vote" Friday.

The champ himself—or Muhammad Ali as he prefers to be

UCLA-Pitt Game Opens Card On TV

NEW YORK (AP) — Nine college football teams will appear on television twice each, while four others will be seen for the first time during the 1964 season.

The schedule announced Sunday calls for televised games on 13 Saturdays and Thanksgiving. The 1964 season is the first of two covered in the National Broadcasting Co.'s \$13 million contract with the National Collegiate Athletic Association.

Single games will be seen nationally on eight of the Saturdays and Thanksgiving. Four games each will be shown regionally on the other five Saturdays.

Scheduled for two appearances, the most allowed, are Pittsburgh, UCLA, Navy, Minnesota, Syracuse, Southern California, Air Force, Michigan and Michigan State. The UCLA-Pitt game will open the schedule Sept. 12.

Colorado State, Iowa State, Mississippi State and Texas Tech will be seen for the first time on television. The NCAA stipulates that four new teams must be included each year.

There also must be four teams which haven't appeared in the previous five years. Six teams come under this category in the 1964 program including Auburn, Cornell, Holy Cross, Kansas State, North Carolina State and Texas Christian.

'Small' UCLA Band Caps Season By Adding NCAA Title

Californians Were Called Underdogs In Finale With Blue Devils

By JIM VAN VALKENBURG
Associated Press Sports Writer

KANSAS CITY (AP)—UCLA's swift, quick gang of ball pirates are NCAA champions and unique in the modern era of college basketball because:

1. They did what many said couldn't be done—win without a starter taller than 6-foot-5 and with their two best scorers on the backline.

2. They are the only team ever to take a perfect record into the NCAA title game and still rank a distinct underdog. Most coaches and writers picked Duke, with two 6-10 players, but UCLA ripped them apart 98-83 before a record Municipal Auditorium crowd of 10,864 Saturday night.

Unquestionably, the underdog role ranked the proud Bruins.

Kenny Washington, a 6-foot-3 jumping jack who came off the bench with 26 points and 12 rebounds for UCLA, put it this way:

"Maybe this doesn't sound right, but we wanted to prove we were No. 1. We didn't like being everyone's underdogs. We were ready, weren't we?"

All-America Walt Hazzard, the great passer who directed the blistering Bruins, fouled out late in the game with the victory clinched and walked up

and down behind the UCLA bench crowing "We can't beat 'em — don't you read the papers?"

Johnny Wooden, the veteran UCLA coach, insisted it was no surprise the Bruins out-rebounded Duke 51-44.

"I've said all along quickness is as important as height in rebounding. We are quick and we can jump. This club has great courage and it came as close to its potential as any I've coached," Wooden said.

UCLA's dreaded zone press harassed Duke, forcing the Atlantic Coast champs to give up the ball 29 times on errors. Most of the time Hazzard, Gail Goodrich and the others simply stole it. A 16-point streak late in the first half erased a 30-27 Duke edge and gave UCLA a 43-30 bulge.

Hazzard was voted the tournament's most outstanding player. On the all-tourney team with him were Goodrich, a 27-point man in the title game; Duke's Jeff Mullins, top scorer of the tourney with 115 points in four games; Kansas State's Willie Murrell, No. 2 scorer on 101 points; and Michigan's Bill Bunn, No. 3 scorer with 93.

Michigan beat Kansas State

100-90 for third place on Bunting's 33.

Indians 'Run' Through Red Sox For 5-4 Win

SCOTTSDALE, Ariz. (AP)—Manager Birdie Tebbets made the Cleveland Indians a walking team when he ordered his players to walk several miles a day as part of their conditioning program when they reported to spring training camp at Tucson.

But the Indians are also a running team. They have stolen 17 bases in spring exhibition games.

Four of the thefts came in Sunday's game against the Boston Red Sox here, which the Indians won, 5-4. Little Vic Davalillo had two and Dick Howser and Jerry Kindall one each.

Davalillo also hit two doubles in three trips, scored a run and drove in another in sparking the Indians to their fifth victory in 11 Cactus League games.

Veteran southpaw Jack Kra-

lick gave up nine scattered hits in pitching the first seven innings for the Tribe and got credit for the victory. He was tagged for a two-run homer by rookie Dalton Jones.

Gary Bell hurled the last two innings and allowed one hit, a home run over the center field fence by rookie Tony Conigliaro.

Earl Wilson, who started for the Red Sox, allowed six hits and eight bases on balls in the six innings he worked. Left-hander Bill Spanswick held the Indians to one hit but walked three in the last three innings.

Cleveland scored two unearned runs in the sixth inning when center fielder Roman Mejias dropped Leon Wagner's fly ball for a three-base error.

No Celebration In Weirton, Riders Dethroned By Logan

WILLIAMSON (W) — Troubles were cast aside in Mingo and Logan counties Sunday as thousands of homefolks turned out to give a hero's welcome home to three bands of valiant warriors — the champions of the State High School Basketball Tournament.

The air was festive and the people were happy as the basketball teams of Log an, Williamson and Kermit high schools returned in triumph to the coalfields.

Big celebrations were planned, complete with brass bands and speakers.

Oscar Paces Cincinnati In Playoff

By The Associated Press

Oscar Robertson celebrated being named the most valuable player in the National Basketball Association by leading the Cincinnati Royals to a 127-102 victory over the Philadelphia 76ers Sunday.

The triumph gave the Royals a 1-0 lead in the best-of-five Eastern Division semifinal play-offs.

In the Western Division semi-final playoffs the St. Louis Hawks whipped the Los Angeles Lakers 106-90 for a commanding 2-0 lead in their best-of-five set. The Hawks had beaten the Lakers 115-104 in their first game Saturday night.

It was a close game at Cincinnati until Robertson led a 13-point burst in the second period that broke a 44-44 tie. Oscar finished with 31 points, 10 of which came in the burst that put the Royals ahead to stay. Jerry Lucas added 25 for the Royals.

Hal Greer and Johnny Kerr each scored 21 points for the 76ers, who entertain the Royals at Philadelphia in the second game of the series Tuesday.

Richie Guerin, traded to the Hawks by the New York Knicks early in the season, led St. Louis with 22 points as the Hawks overcame an early 12-3 Laker lead.

As the visitors returned home at the supper hour Sunday, hundreds of celebrating fans rode out to greet them. For the Kermit and Williamson teams, the rendezvous point was Chat-tanooga, a small community just north of Williamson.

Weirton's Ron Williams, who picked up four fouls early in the contest, sat out eight minutes of the championship battle but still managed to wind up with 31 points.

The scene of basketball battle was at Morgantown, where first Williamson, displaying come-from-behind ability, knocked off strong New Martinsville, 80-68, for the Class A title. Then Kermit, also in Mingo County, came out on top in a 92-90 heart-throbbing with Barrackville in Class A.

Logan put the icing on the cake. The Wildcats deposed defending champion Weirton, 81-73, in the Class AAA sweepstakes to give the Mingo-Logan region a clean sweep.

As the victors returned home at the supper hour Sunday,

By HAL HUMPHREY

British May Invade U.S. TV Any Moment

Veteran viewers of the TV tube will recall that most of the old movies we used to see were British imports. Hollywood's film factories hadn't opened their vaults to TV, and the English films were the only ones available in a language we were supposed to be able to understand.

Since then our British cousins in show business have broadened their "A's" considerably and also shown great improvement in the type of entertainment exported in recent years.

NEW YORK'S Broadway theater has been invaded by the British with such fine shows as "Oliver," "Beyond the Fringe" and "The Private Ear, the Public Eye."

We must admit, too, that although the quality level may be dubious, Britain's "Beatles" have temporarily conquered our rock 'n' roll field.

About the only place the Britons haven't been able to establish a bridgehead today, ironically, is in our TV scene. We've copied their "That Was the Week That Was" with our own version, but except for a few series (i.e., "Robin Hood") which were filmed in England primarily for the American market and occasional Shakespearean dramas, British TV producers haven't made it here.

ONE OF THESE DAYS they are likely to say, "Look here, you Americans are monopolists, we've been purchasing a frightful lot of your TV series and think it's about time you sampled some of ours, what?"

British actor Moray Watson, who has been appearing here in "The Private Ear, the Public Eye" and opens in San Francisco with it this week, doesn't seem to care one way or the other about British TV shows getting on American networks.

Until joining the cast of these two one-act plays, Watson played a lead role in "Compact," a kind of British soap opera which runs twice a week on the British Broadcasting Corp.'s "telly."

"I HAVE NOTICED a certain tendency on the part of producers to gear their shows for American consumption," says Watson. "For example, we mustn't say 'caw'n't any more, we're told. The producers seem to be striving for a mid-Atlantic accent now."

While in New York, Watson was guest interviewee on one of the local talk shows and had his milk-and-honey illusions about American TV tarnished a bit.

"After the show I was given

a bottle of Chanel No. 5 shave lotion and nothing more. Why, even the smallest show in England would pay 10 or 20 guineas and expenses," says the incredulous Watson.

One of the British comedy series I would like to see on one of our networks is called "Steptoe and Son." It's a father and son in the old clothes business.

THE EPISODE I saw had the son becoming enamored of a French miss, who turned out to be the granddaughter of his father. It seems the old boy had a fling in Anglo-French international relations during World War I.

On the BBC, "Steptoe and Son" is seen only four or five times a season ("English writers are loathe to write weekly TV," explains Watson) and is one of the most popular shows there.

There now are available 26 episodes of "Steptoe and Son," and if they are anywhere near as good as the one I saw, the series would shame most of the half-hour situation comedies currently on our TV.

American TV producers and actors might scream "foul" over such import competition, but it would have a hollow ring coming from those who collect fat residual checks from their TV series running on both the BBC and commercial TV networks in England.

Keep In Trim

By IDA JEAN KAIN

Set Your Mind To Triumph

If you want to stop smoking but fear you will pile on more excess pounds — you're in a dilemma. A kite soars highest against the wind. Why not let this venture pay double dividends? Spring brings a resurgence of hope. Let this idea take root in your mind.

"I need not be fat for another spring!" With nutrition science you can restore your slim good looks while you break the smoking habit.

Psychologists point out the way to start a project from the standpoint of least resistance is to give it forethought. This means to plan and picture in a relaxed, thoughtful way, how you wish to act in a specific situation.

PRE-PLANNING HELPS you to get used to the idea. By making an advance decision you build a connection between the mental resolve and the act of putting the decision into practice. This is by no means the same as wishful thinking. To take forethought means to create a plan of action.

Use the mind - set plan to reaffirm your resolve to stop smoking and slim down and continue to picture your goal. Will power equates with a goal.

For the late starters: Remember it is easier to postpone having that initial cigarette of the day than it is to forego succeeding cigarettes. Give yourself a mind - set to postpone smoking the first cigarette of the day by an increasing number of hours each succeeding day. Push your goal a little further each day. Count the extra hours as real progress. Aim to go all the way by the third day.

The strategy back of this plan is to have a definite goal while breaking away gradually. You know from experience that as soon as you have smoked your first cigarette you are back in the groove - in habit pattern. It is a mistake to feel defeated or that all is lost if you smoke. Instead, re-affirm your goal. Equally important, from the hour of your first cigarette, do not go beyond your usual pace.

WEIGHT CONTROL is a matter of calorie restriction. You have the slimming pattern. Make protein the backbone of each meal and have protein pick - ups between meals.

The prime - time for advance decision making is on the thin edge of sleep. Picture yourself taking modest portions at meals. Visualize yourself going through your day's routine all without

Common Pleas

NEW ENTRIES

Doris A. Callahan vs. Edwin J. Callahan: plaintiff offered evidence and called witnesses; defendant did not appear, as he is in Korea in service; cause continued.

In Re: Application of the Council of the Village of Columbiana for authority to transfer funds from the light fund to the sewage disposal plant and interceptor sewer equipment fund; court finds notice has been given as provided by law, that petition states sufficient facts, that there are good reasons and that a necessity exists for the transfer, that no injury will result from such transfer, copies of the order to be certified and filed as provided by law; court also finds that a resolution for transfer of such funds was duly adopted by Council and that the Board of Tax Appeals has approved such transfer.

NEW CASES

OFF THE RECORD

"They're the outdoors type—they've been evicted from six apartments."

How Can I?

By ANNE ASHLEY

Q. How can I wash my son's khaki Boy Scout uniforms?

A. Khaki should be washed in lukewarm water, with a mild soap. If very soiled, the garment can be laid on a board and scrubbed thoroughly with a coarse brush. Do not, under any circumstances, rub the soap directly on the khaki. Rinse carefully, wring out, and dry in the shade. Iron carefully.

Q. How can I facilitate the job of ripping out a long seam in a dress I am working on?

A. You can make this job much easier if you'll hold the material under the pressure foot of your sewing machine, making the pressure foot serve as a "third hand."

Q. How can I clean very old brass or copper that is quite discolored?

A. By using the finest of steel

wool, followed by rottenstone and sweet oil.

Q. How can I make the cleaning of spatters on my window panes easier when painting the sash?

A. Before painting your window frames, coat the panes with cleansing powder. Then, if paint does spatter on the glass, it will wipe off very easily along with the powder.

Q. How can I darken light tan leather articles, such as belts, shoes, etc.?

A. Try rubbing them with a cloth dipped in ammonia. This gives a deep brown finish. Be sure to apply uniformly, so the finish won't be spotty.

Q. How can I keep nickel faucets gleaming and bright?

A. Clean them regularly with a soft cloth dipped in spirits of ammonia. Follow up with a good washing with hot water and soap, then follow with a soft dry cloth.

ANSWERS YOUR PROBLEMS

Dear Ann Landers: How can I stop nagging my husband? We have been married three months. I know I'm killing his love for me because I continually chew him out.

This morning I really hurt him. After he left for work I

Sing alongs make you thirsty?

THE COCA-COLA BOTTLING COMPANY Of East Liverpool, Ohio 225 Webber Way Ph. 386-4933

sat down and cried. I'm disgusted with myself because I can't control my mean mouth. He is a kind and considerate person but I can't resist picking him to pieces.

I watched my mother wreck her marriage by nagging my dear, sweet father to death. I don't want the same thing to happen to me but I don't know how to help myself. Please, Ann, I need your advice. — TORTURED MARIE.

Dear Marie: You have two strong points in your favor:

1. You recognize you are a nag.

2. You have a real desire to cut it out.

First — be aware that most of your nagging is rooted in your own irritability and dissatisfaction with yourself. Your husband is the one who catches the heat because he is the handiest target.

What you need is a constructive outlet for your aggressions and frustrations. Exploit your energies doing housework and club work (kids are nice, too). You must have an

outlet that will provide you with satisfaction and self-esteem. When you are at peace with yourself you will not nag your husband.

The 'Sexpert'

Dear Ann: A relative of whom I am very fond is becoming a source of irritation to me. She has developed a knack for steering every discussion to sex.

I'm not a prude, Ann, and I enjoy a spicy story, but I don't care for gutter talk or detailed descriptions of the sex life of movie stars and so on.

Recently a group of us was discussing politics. This woman didn't know anything about the issues but she knew all the "inside" dope on the sex lives of the candidates. She dragged what could have been a high-level discussion right down to a disgusting level.

It seems a shame that she is making herself so unpopular with her sex-centered chatter. She did not used to be this way. What's the matter with her? — A.B.C.

Dear A. B. C.: The poor woman probably feels her youth slipping away and she is frightened at the prospect of growing old. It's a pathetic sight and not an uncommon one.

Man's Arm Hurt In Fall On Skates

A city man injured in a fall Sunday was admitted to City Hospital, where three other persons were treated over the weekend.

Frank Blakely, 40, of 315 W. 6th St. was in "fairly good" condition today with a fractured right arm suffered when he fell Sunday afternoon at the Kay Bee Roller Arena.

The others were treated Saturday night. Mike Albanese, 43, of 1616 Buckeye Ave., Wellsville, suffered a laceration of the left ear and burns of the left arm and hand when fire in his furnace flashed out.

James Lonkert, 10, son of Francis Lonkert of Radio Heights, cut his right leg on a piece of broken tile.

Gladys H. Smith of Ferry Rd., Chester, cut the index finger of her left hand while working at the New York Restaurant.

Volunteers Sought

By Dixmont Hospital

Dixmont State Hospital is recruiting volunteers from Beaver County communities to help with the many patient activity programs at the hospital at Glenfield.

Volunteers who can serve on a regular once-a-week basis are needed to help in the nursing, recreation and occupational therapy departments.

Volunteers serve at the hospital both during the day and evening.

Anyone interested in being a regular volunteer may contact the Volunteer Services Office at the hospital, 761-1780, for more information.

Thomas Redmond, 1710½ Pennsylvania Ave., told officers his 1959 model auto was damaged sometime Saturday night or early Sunday while parked on Globe St. Using a sharp tool, the vandal scraped both sides of the car. An outside mirror also was broken off, he said.

Frank Jones, 603 Marcus St., told officers his 1964 model car was damaged between 9:30 and 11 a.m. Saturday while parked in the 100 block of W. 3rd St. The auto apparently was struck or scraped with a heavy object, causing dents and scrapes on both right doors and chrome on the front of the hood, he said. The radio antenna also was bent.

George Crossen, operator of C. & C. Trailer Sales on Dresden Ave., told officers Sunday a trailer parked on his lot was damaged sometime in the preceding week. Crossen said he found a small hole in the side of the trailer which could have been caused by a .22 caliber bullet or an arrow.

Skid Blamed In Crash

WEIRTON — Cars operated by Carl R. Clegg and Geraldine R. Greer, both of Weirton, collided Sunday at 3:45 p.m. on King's Creek Rd., Hancock County sheriff's deputies reported. The woman told deputies her car skidded on loose gravel as she applied the brakes. No one was injured and no charges were filed.
